## Company Profile

*Gloves n Gloves (GnG)* set foot in the gloves industry in the year 2000. Mr. Najam uz Zaman founder of GnG laid the foundation of the company with a vision to deliver superior quality products to our prestigious customers. Having extensive experience in this field has earned him great respect in Pakistan's gloves manufacturing community. It is due to his sheer perseverance and efforts that GnG today stands tall in the industry.

Today we feel honored to say that GnG has emerged amongst the top manufacturers & exporters of gloves in Pakistan. This achievement may be attributed to our determination to excel and also an absolute organizational setup of complete gloves making under one roof.

Over the years we have specialized the art of glove making to provide our customers high quality Impact Resistant (On/Off Shore Rigs, Gas Fields, Mining), Multi-Purpose (Industrial & Retail/DIY), Industrial (Cut & Sewn Cotton & Leather) and Sports Gloves. With state of the art vertically integrated production facilities in two major industrial cities (Faisalabad & Sialkot) of the country, the company has been catering to customer demands from all around the globe. Being a quality compliant organization audited by Intertek for SQP (Supplier Qualification Program) and WCA (Workplace Conditions Assessment) we have been able to earn trust and confidence of our valuable customers.

We pride ourselves to be part of a highly experienced and energetic team who strive day and night to make GnG a success story. More than 500 highly committed employees continuously strive to delight our customers and introduce innovative quality products to provide us competitive edge in the industry. We at GnG pay great importance to help our customers achieve their goals and objectives. So please let us know "How can we serve you?" [info@gng.com.pk](mailto:info@gng.com.pk)
